Dear Mr. Guerin:

Reference: TMI Nuclear Station
Maintenance Training
B&W-601-8014, P.O. 43494

As requested by Mr. J. G. Herbein, Assistant Superintendent, Three Mile Island Nuclear Station, we are pleased to quote a firm price of \$21,800 for the additional service of one three-week Instrumentation and Control Technician Training Program to be conducted twice at PURCHASER'S facility. This program consists of one week 880/881 System, one week 721 Electric Analog, and one week Combined Control Operation. The outline of this program is forwarded for your information.

Our offer is firm for acceptance by the Metropolitan Edison Company prior to January 11, 1974 for conducting this course prior to April 8, 1974. The exact dates to be established by mutual agreement with six weeks notice required for performance.

Contractually, the above work can be implemented by a change order to your Purchase Order Number 43494 and subject to the terms and conditions of the Babcock and Wilcox Proposal A4-49, Contract 601-8014.

If there are any questions concerning this offer, please let me know and every attempt will be made to resolve them.

Very truly yours,
