December 28, 1979

Mr. Harold R. Denton, Director
Nuclear Reactor Regulation Office
1717 H Street, N.W.
Washington DC 20555

Dear Mr. Denton:

Attached for your information is a copy of letter that I have written to the Chairman and each of the Commissioners for the Nuclear Regulatory Commission.

This protest is also addressed to you in your capacity as the person in charge of the Regulations Office for whatever action you may be able to take in bringing about an overturn of this decision that so flagrantly disregards the best interests of our country in developing a source of energy.

Hopefully this letter, along with countless others, will have some effect on the Commission's November 5 decision.

Very truly yours,

John H. Cooke
