Warren, MI 48093

Dear Mr. Hanna:

Your letter dated May 14, 1979, to the Food and Drug Administration has been forwarded to the Bureau of Radiological Health for reply.

Since the subject of nuclear power reactors falls under the jurisdiction of the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, I am forwarding your letter to that agency for a more authoritative reply than we can offer.

In view of your interest, I am forwarding a copy of the BRH/FDA publication 77-8004, "The Biological Effects of Ionizing Radiation: An Overview."

Sincerely yours,

/s/ Samuel Sperling
