Dear Mr. Miller:

Thank you for your letter and articles about a process to remove radioisotope contamination from milk.

I have forwarded them, for their consideration, to members of the NRC staff preparing a Programmatic Environmental Impact Statement on the decontamination and disposal of wastes resulting from the accident at Three Mile Island, Unit 2. Should a clarification of the information you've sent, or additional material be required, you will be contacted by the appropriate staff member.

Thank you for providing us with this information.

Sincerely,

Richard H. Vollmer, Director
Three Mile Island Support
