

Apt. A. 200 Washington Ave. (17)
Sellersville, Pa. 18960
April 21, 1979

Dear Sirs,

I am concerned about the amount of radiation I was exposed to when the accident occurred at the three mile island located in Harrisburg Pa. I live approximately 40 miles east of Harrisburg. I understand that I am exposed to approximately 125 millirems of radiation per year from different natural sources. I realize that the information that I am asking for might be impossible to give, if so I would accept information about the amount of radiation exposure in the Harrisburg area. Please enlighten me to any other information you have about Nuclear Energy Power plants such as a map of where they are located and about the Commission.

Thank You
Pamela A. Walters
