Dear Gene:

For your information and use I am enclosing a copy of a letter from Gulf describing certain changes related to the Gulf application-specifically with respect to the Radiological Assessment.

I have also asked Gulf to forward additional assessment information to you and will be arranging a telephone conference between your office and ours for the purpose of rationalizing specific input data.

Sincerely,

Jim Mackin

RE: Mt. Taylor Uranium Mill Project -
Supplementary Material to Environ-
mental Report.

Dear Mr. Mackin:

During December 1979, the Art Candelaria residence, as shown on Figures 2.1-3 & 4, Pages 1-9a & c, Mt. Taylor Uranium Mill License Application, was moved to a location on the western edge of San Mateo adjacent to the intersection of State Highway 53 and the San Mateo by-pass. Any reference to the Candelaria residence as the closest residence to the mill center should be deleted.

Specific references readily located are as follows:

<u>Page Number</u>	<u>Item</u>
2-18a	Table 2.2-3a, Population Distribution
3-118	Table 5.2-1, Particulate Radiation Doses
3-119	Table 5.2-2, Particulate Radiation Doses
3-120	Table 5.2-3, Particulate Radiation Doses
3-121	Table 5.2-4, Particulate Radiation Doses
3-122	Table 5.2-5, Radon Radiation Doses
3-123	Line 2 - change residence to residences
3-123	Line 3 - change 0.7 to 0.5 millirem/year.

If other references are located, you will be notified. Should you find any references other than the above, please let us know.

It is hoped this change will assist you in completing the radiological dose assessment now in progress. If you have any questions or comments, please do not hesitate to contact me.

Very truly yours, *FSM*

F. S. Mooney
Senior Vice-President
Uranium Operations and Marketing
