The Hon. Victor Gilinsky
Commissioner
U. S. Nuclear Regulatory Commission
Washington, D. C.

Wm

Dear Sir:

I am very concerned about the future of General
Public Utilities.

Please do all you can as quickly as possible to
help with the rate relief requested by G. F. U.'s
subsidiaries.

I believe it would also be a good idea to return
Three Mile Island Unit-1 to safe operation as soon
as possible.

Respectfully,

(Mrs. Edwin Rufenacht)
