concerning IE Inspection Report No. 50-309/79-19

Dear Sir:

Subject: Clarification of Maine Yankee Commitment for Training Schedule
Covering NRC and DOT Requirements

Reference (c) responded to the requirements of Reference (b) stating that training for packaging and transport of radioactive materials is provided for employees involved in these areas. Reference (d) requested clarification as to when the program would be fully implemented including the record system addressed in Reference (c).

The training program necessary to comply with IE Bulletin No. 79-19 is presently underway and will be fully implemented, including its training record system, by July 1980.

We trust this information is satisfactory. Should any further information be required, please feel free to contact us.

Very truly yours,

MAINE YANKEE ATOMIC POWER COMPANY
