Gentlemen:

Certificate of Compliance No. 6387 for the Model No. Model 60  
expires on June 30, 1980.

If you desire to continue use of this package, submit a consolidated application and drawings for renewal. The consolidated drawings should be reduced in number showing only significant safety features (e.g., dimensions, materials of construction, welds, closures, seals, valves). The drawings should show a drawing and revision number.

Eight copies of your application should be provided. In addition, the renewal fee prescribed in 10 CFR §170.31 should be included with your request for renewal of the certificate.

This notice of the expiration of this certificate is sent for your convenience, and it should not be interpreted that similar notices will be sent in the future.

Sincerely,

Charles E. MacDonald, Chief  
Transportation Certification Branch  
Division of Fuel Cycle and  
Material Safety
