NUCLEAR REGULATORY COMMISSION

SECURE AND ACCURATE ENERGY AND LICENSING BOARD

In the Matter of
 CONSUMERS POWER COMPANY
 (Big Rock Point Nuclear Power Station)

Docket Number 50-155

MEMORANDUM OF DECISION

John O'Neill II moves that he be relieved of the burden of supplying 20 copies of all documents to the Commission as required by 10 CFR 2.708 (a). He requests that he be permitted instead to serve single copies on all of the parties, including the NRC staff, the members of the Licensing Board, and two copies to the Secretary of the Commission.

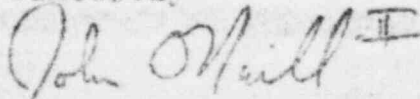

Relief from the 20 copy requirement is essential to allow me to devote all of my severely limited resources to substantive participation in this proceeding. Any unnecessary drain on my resources will severely limit my ability to participate effectively and to assist the Licensing Board in reaching its decision.

Paper, stencils and postage are a burden to a man who has an outstanding gas bill and phone bill, (much of the phone charges were indeed incurred in this licensing matter.)

The precedent for this motion is the relief granted all intervenors in Metropolitan Edison Co., (Three Mile Island Unit Number 1), Docket Number 50-289 (Restart), and the relief granted by this board to Christa-Maria, Jim Mills and JoAnn Biers from this same 20 copy requirement. ORDER GRANTING CHRISTA-MARIA RELIEF FROM THE 20 COPY REQUIREMENT OF 10 CFR 2.708(a) dated February 25, 1980.

As there were no objections offered to Christa-Maria's motion of February 1, 1980, no objections are anticipated. And since I am confident that the board will also grant this motion, I am being so bold as to mail copies to all on the service list and two copies to the Secretary of the Commission only. Since this has essentially been my practice in the past, and this particular practice has caused no objections, I do not anticipate difficulties. Should the board deny my motion, however, I shall immediately forward to the NRC the additional copies.

Sincerely

John O'Neill II Intervenor
