Dear Mr. Helm,

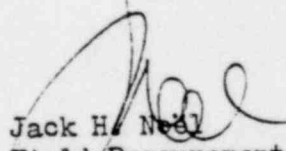

In reply to your letter of 3 March 1980 I am pleased to provide the following information:

The isotopes which appear on our order ARG/4/077/244 of 3 December 1979 are to be shipped to a United Nations Development Fund Project in Argentina. More specifically the Centre Atomico at Bariloche.

In general the Projects aim is to give instruction in Nuclear Engineering. The isotopes will serve as radiation sources in a Nuclear Physics and Neutrons Laboratory.

I trust that the foregoing will give you the necessary additional information that you seek.

Yours sincerely,

Jack H. Neal
