

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555
April 1, 1980

Docket No. 70-2909

Mrs. Shirley Laseter, Director
Prattville Public Library
Washington Street
Prattville, AL 36067

Dear Mrs. Laseter:

This is to confirm our telephone conversation of March 25, 1980, concerning the establishment of the Prattville Public Library as the official U. S. Nuclear Regulatory Commission (NRC) Local Public Document Room (LPDR) for material relating to Westinghouse Electric Corporation's Alabama Nuclear Fuel Fabrication Plant (ANFFP) in Prattville, AL.

In the near future a representative from our office will visit your Library to brief you on the material you will be receiving as an LPDR and on our filing and document retrieval procedures. In advance of our visit, I will be sending you supplies necessary to maintain the LPDR collection. The Westinghouse Electric Corporation has designated Mr. Ronald DiPiazza as their contact for LPDR matters and I have discussed the NRC's local public document room program and our upcoming visit with him.

The Nuclear Regulatory Commission wishes to express its appreciation for your assistance in making the information concerning the ANFFP available to the public at the Prattville Public Library. If you have any questions concerning this matter prior to our visit or if I may help you in any way, please feel free to write or call collect at 301-492-7536.

Sincerely,

A handwritten signature in dark ink, appearing to read "William B. Carrier, Jr.", written in a cursive style.

William B. Carrier, Jr.,
LPDR Coordinator
Local Public Document Room Branch
Division of Rules and Records
Office of Administration

cc: Mr. Ronald DiPiazza, Manager
License Administration
