Dear Dr. Hanauer:

Miami Valley Power Project is interested in what you would charge if you were subpoenaed to testify at the Zimmer Power Station - Unit 1 Operating License Hearings regarding the status of the information available from the Mark II Owners Group.

We would be interested in you quoting a fee by hour and ~~MI~~ also a fee per diem. We would appreciate it if you could also quote what funds ~~would~~ you would need for travel, housing and food.

Sincerely,

*Doug Gillman*
