Docket No. 50-312

Sacramento Municipal Utility District
P. O. Box 15830
Sacramento, California 95813

Attention: Mr. John J. Mattimoe
Assistant General Manager

Gentlemen:

Subject: NRC Inspection - Rancho Seco

This refers to the inspection conducted by Mr. P. Narbut of this office on March 4-5, 1980, of activities authorized by NRC License No. DPR-54 and to the discussion of our findings held by the inspectors with Mr. R. Columbo and other members of your staff at the conclusion of the inspection.

The inspection was an examination of the activities conducted in response to the requirements of I.E. Bulletin 79-02 "Pipe Support Base Plate Designs Using Concrete Expansion Anchor Bolts." Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office, within 30 days of the date of this letter, requesting that such information be withheld from public disclosure. The application must include a full statement of the reasons why it is claimed that

800-210422

the information is proprietary. The application should be prepared so that any proprietary information identified is contained in an enclosure to the application, since the application without the enclosure will also be placed in the Public Document Room. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

G. S. Spencer, Chief
Reactor Construction and
Engineering Support Branch
