Dear Mr. Bushner:

Please forgive my delay in responding to your very kind letter of December 12. It was necessary to firm up some aspects of my schedule before I could make any additional commitments. The period April 14-17 would seem to fit my schedule best, and I would be most pleased to join with the committees in Albuquerque, Tucson, and Phoenix during that week. It would be helpful if they could be scheduled in that order, perhaps with a day between Albuquerque and Tucson. If it would accommodate the schedule of the committees more easily, the Phoenix date could be put over to the second week, i.e., Monday, April 21.

If the foregoing is satisfactory, I would appreciate hearing more about the individual committees and their preferences for the format of discussion. I would be prepared to make remarks of 20 to 30 minutes, followed by discussion, or, if desired, could make a longer presentation.

Thank you for writing and expressing interest. I look forward to the opportunity of meeting with the committees.

Sincerely,

Richard T. Kennedy
