Dear Mayor Spencer,

This letter is to confirm our plans to meet with you and your colleagues on April 21, 1980, to discuss the Nuclear Regulatory Commission regulatory program for nuclear power plants, including the resident inspection program. A resident inspector, Joel Kohler, has been assigned for some time now to the Zion Nuclear Power Station and a second resident inspector, Joseph Waters, was recently assigned to the site. The meeting will be at 7:00 p.m. in City Council Chambers, Zion City Hall, Zion, Illinois. The meeting is intended to be informal. A tentative agenda is enclosed, and we will welcome any question you might have at the meeting.

We are looking forward to meeting you and your colleagues on April 21.
