Re: Docket No 40-3453
License No SUA-917

Enclosed please find four copies of a report containing the quality control testing and the pizometer data submitted in accordance with your letter of October 29, 1979, requirement 19.(g).

One copy was given to Pete Garcia on March 19 and I have also sent one copy to Terry Howard.

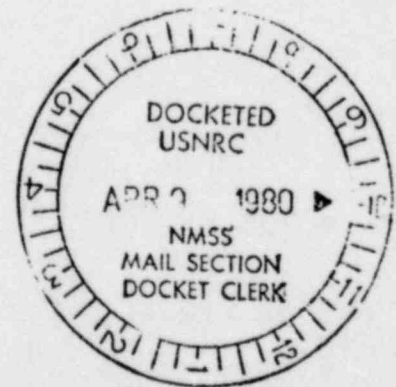

I presume this total of six copies is in accordance with the request of Pete Garcia on March 19.

Very truly yours,

Gordon T. Swanby
