Dear Mr. Danielson:

This letter responds to your March 10, 1980, letter to H. Miller requesting for the draft Environmental Impact Statement (DES) on the Kerr-McGee South Powder River Basin Mill. You also requested that NRC place your name on the mailing list for the DES if it is not available.

The DES for the Kerr-McGee Mill is not yet available. Your name has been placed on the distribution list as you requested. A copy of the DES, scheduled for completion in late 1980, will be sent to you when it is issued.

Thank you for your interests in this matter.

Sincerely,

A handwritten signature in cursive script, reading "George Wu", is written above the typed name.
