OFFICE OF THE  
SECRETARY

May 8, 1980

Docket No. 50-320  
(DD-80-14) (2.206)

Mr. Robert Gary  
257 S. Farragut Street  
Philadelphia, Pennsylvania 19139

Dear Mr. Gary:

On April 23, 1980, the Commission extended the time for consideration of the Director of the Office of Nuclear Reactor Regulation's denial of your request for enforcement action with respect to radiation monitoring and emergency planning at the site of the Three Mile Island Nuclear Station. That time period has now elapsed without the Commission taking any action to review the decision in whole or in part. Therefore, the decision of the Director, pursuant to 10 CFR 2.206(c)(1), is the final agency action in this proceeding.

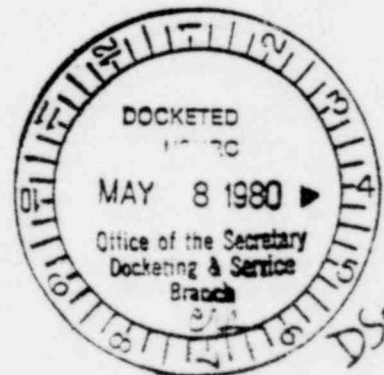

Commissioner Bradford would have preferred that the Commission take review and provided the following comment:

"I would review the monitoring program and the dosimeter placement questions."

Sincerely

Samuel J. Chilk  
Secretary of the Commission
