22 I HEARD OVER THE TV THAT
3. MILE ISLAND WANT TO
RELEASE, A SMALL AMOUNT OF
PROPANE GASS AT ONE TIME
THAT THE OFFICIAL SAID
WOULD DO NO HARM, TO ANY ONE

22 IF THE SMALL AMMOUNT OF
GASS, WAS LET OUT FOR ONE HOUR
IN 3. MILE ISLAND
IT WOULD BE IN A SMALL AREA

23 THAT SAME AMMOUNT OF GASS,
RELEASED FROM THE PLANE
IN 1. HOUR
GOING 500 MILES A HOUR OR
MORE, WOULD BE SPREADED
FROM 500 TO A 1000 IN ONE HOUR
IT WOULD ~~NOT~~ BE SPREADED
SO THIN, AND SO FAR AWAY FROM
EVERY BODY.

THERE WOULD NOT BE ANY
DAMAGE TO ANY ONE HEALTH,
LAND, POULTRY, CATTLE OR ANY
THING ELSE. How so
