Docket No. 40-1341

Dear Mr. Scarano:

By my letters dated September 28 and October 2, 1979, to Jack Martin, copies of the Edgemont Uranium Mill conceptual decommissioning plan and supporting environmental report (ER) were distributed to those listed in your September 21, 1979, letter to J. E. Gilleland. As you are aware, TVA has since provided to NRC three revisions to the ER in addition to a supplement which provided responses to NRC questions. Copies of these documents were not distributed to those identified on the above-referenced list. Although TVA is still in the process of reviewing and revising the remaining sections of the ER, we believe that distribution of the revisions and supplement should be made at this time. Therefore; by copy of this letter, we are distributing the following documents to those identified in the NRC distribution list:

1. ER Revision 1 and ER Supplement 1 (with letter from L. M. Mills to Ross A. Scarano dated January 28, 1980).
2. ER Revision 2 (with letter from L. M. Mills to Ross A. Scarano dated February 26, 1980).
3. Letter from L. M. Mills to Ross A. Scarano dated March 20, 1980.
