Mr. Bruce Gallaher
Water Pollution Control Bureau
New Mexico Environmental Improvement Division
P. O. Box 968
Santa Fe, New Mexico 87503

Dear Mr. Gallaher:

Enclosed are six copies of a revised Figure III-1, Tailings Pipeline Containment Basins, for the Mt. Taylor Uranium Mill Project Groundwater Discharge Plan. As noted in a memo dated March 28, 1980 from W. L. Rogers to J. L. Mackin, a copy of which was forwarded to your attention, the sizes of the catchment basins have been re-evaluated. The revised sizes of these basins and their locations along the pipeway are shown on Figure III-1.

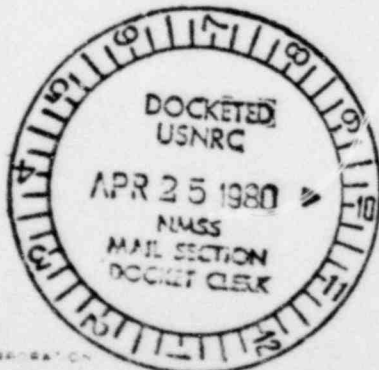

If you have any questions, please contact me.

Very truly yours,

W. L. Rogers
Manager, Environmental Affairs
