Dr. Bernard J. Snyder, Program Director  
Three Mile Island Program Office  
Office of Nuclear Reactor Regulation  
U. S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Dr. Snyder:

In reply to your letter of April 21, 1980 in which you have asked for my review and comments of the Nuclear Regulatory Commission's "Environmental Assessment for Decontamination of the Three Mile Island Unit 2 Reactor Building Atmosphere", please be advised that I am technically unqualified to respond to the environmental assessment as presented to me.

Very truly yours,
