Dear Mr. MacDonald:

We received from your office, dated March 21, 1980, the Quality Assurance Program Approval for Radioactive Material Package No. 0375, Revision No. 0. We therefore wish to be re-registered as a user of the Model 700 Shipping Container (package I.D. No. USA/5942/B()F). We also request that all parties notified by your office of our suspension be re-informed of our status. We plan to ship the irradiated MTR Type from UCLA on or about June 21, 1980.
