Dear Mr. Baekelandt:

This is in response to your letter dated April 11, 1980, requesting several reports of the Nuclear Regulatory Commission. Enclosed, per your request, are copies of NUREG/CP-0001, NUREG-0535, and NUREG-0194.

I have added your name to our list for distribution of regulatory guides relative to the transportation of radioactive materials, including transportation emergency response. A more general mailing list for all NRC publications on this subject area is maintained by our Division of Technical Information and Document Control. I am forwarding a copy of your letter to them for action, which I understand will be in accordance with international agreements between our Countries.

I hope you are well rested from the IAEA-SAGSTRAM meeting, and are preparing for the regulatory revision meeting in September.

Sincerely,

A handwritten signature in cursive script that reads "Donald R. Hopkins".
