Dear Mr. Ahearne:

I have recently been requested by the Lincoln County Commissioners to assist them in obtaining a response from your agency to their letters of December 31, 1979 and March 4, 1980. I am attaching copies of this correspondence for your convenience.

We are in the midst of developing a new State and Local plan for response to a radiological incident at the Maine Yankee facility in Wiscasset. Therefore, I am also interested in your response to the County Commissioners and will appreciate receiving a copy.

Thank you very much for your prompt consideration.

Sincerely,

Dear Governor Brennan:

The Lincoln County Board of Commissioners respectfully request your assistance in obtaining a reply from John F. Ahearne, Chairman, U.S. Nuclear Regulatory Commission to correspondence addressed to him on December 31, 1979 and March 4, 1980.

We attach copies of the subject correspondence for your review and information. It is most difficult to comprehend Mr. Ahearne's lack of acknowledgment or reply to issues of such a serious nature.

Your personal review and cooperation in this matter will be greatly appreciated.
