Subject: Noncompliance at Enrico Fermi Unit 2 Construction Site.

Dear Mr. Keppler:

This letter responds to the infractions contained in your IE Report 50-341/80-02 resulting from the construction activities inspection conducted by Messrs. G.A. Phillip, I.T. Yin and C.M. Erb on January 21-23 and February 11-12, 1980. We requested and were granted a waiver to extend the response period.

The cited infraction mentioned in your report is discussed in this reply as required by Section 2.201 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations. The unresolved items are being acted upon. We will be prepared to report in detail on our progress and corrective action on those items to your inspectors on their next visit.

The enclosed response is arranged to the sequence of items cited in the body of your report. The finding and section numbers are referenced.

We trust this letter satisfactorily answers the concerns raised in your report. We shall be glad to discuss any further concerns you may have.

Very truly yours,

Edward Hines
