Mr. Marvin R. Peterson, Acting Asst. Director
Export/Import and International Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

- Ref.: 1) Import License ISNM 79005
- 2) Letter, L. E. Hansen to M. R. Peterson, dated
January 28, 1980.

Dear Mr. Peterson,

As noted in Reference 2, some of the material being imported in accordance with the referenced import license (ISNM 79005) is being temporarily stored in the Netherlands. In addition, it has just come to my attention that a portion of the material is also stored at two separate facilities located in West Germany.

This is to inform you of the modified routing of the material to be imported under license ISNM 79005. The origin and final destination of the material, however, remain unchanged.

If you have any questions with respect to the above, or if you desire additional information please contact me on (509) 375-7288.

Sincerely,

L. E. Hansen, Senior Specialist
Criticality Safety and Physical Security
