CONCERNING 10 CFR §50.55(b))

DOCKET NO. PRM-50-25a

COMMENTS OF PETITIONERS

The Federal Register notice of February 4, 1980 (45 F.R. 7653), requests that written comments or suggestions concerning the Petition be submitted by April 4, 1980. As the Petition makes clear, the need for the relief requested therein is related to a future decision by the Atomic Safety and Licensing Board presiding in the construction permit extension proceedings In The Matter of Northern Indiana Public Service Co.(Bailly Generating Station, Nuclear-1) Docket No. 50-367. As of April 4, 1980, that Licensing Board had not ruled upon the scope of the matters to be considered in that proceeding and petitioners reserve the right to submit comments on the instant rule-making petition after that ruling.
