MEMORANDUM FOR: George Lear, Chief
Hydrologic and Geotechnical Engineering Branch
FROM: Robert E. Jackson, Chief
Geosciences Branch, DE
SUBJECT: CARROLL COUNTY (ILL) EARLY SITE REVIEW

The enclosed communication from the United States Geological Survey was transmitted to us in conjunction with their Q1 questions to the applicant following a site visit to review the geologic features of the proposed Carroll County site. As the content of the question is hydrologic in nature, I would like your evaluation of the appropriateness of the question.
