Baltimore Gas and Electric Company
ATTN: Mr. A. E. Lundvall, Jr.
Vice President, Supply
P. O. Box 1475
Baltimore, Maryland 21203

Gentlemen:

The State of Maryland and the Nuclear Regulatory Commission (NRC) have again recently signed a contract for a cooperative program of environmental monitoring of selected facilities in Maryland. The scope and purpose of the contract is the same as stated in a letter to you dated August 23, 1976 from this office.

In order to help implement the State program, it is requested that Baltimore Gas and Electric Company continue to collect the following samples for the State:

<u>Sample Type and Size</u>	<u>Collection Frequency</u>	<u>BG&E Location</u>
Bottom Sediments - 4 kg	Semi-Annually	Plant Discharge Area
Bay Water - 1 gallon	Quarterly	Plant Discharge Area
Bay Water - 1 gallon	Quarterly	Plant Intake Area
Oysters - 1 kg (flesh)	Semi-Annually	Camp Conoy
Food Stuffs - 4 liters (edible portion)	Annually	On-Site Farms

In addition, it is requested that a copy of your environmental sampling schedule be provided to the State in order to better enable the State to coordinate the pick-up and analyses of the above samples without undue delay. It is also requested that you continue to notify the State promptly after collection of samples to be split with the State.

No response to this letter is requested; however, should you have any questions concerning these matters we will be pleased to discuss them with you.

Thank you for your cooperation in this matter.

Sincerely,

James M. Allan
