

Data Composition Services, Inc.

Administrative Offices

13501 Baltimore Boulevard (Rt. 1), Laurel, Maryland 20810 • Phone No. (301) 953-3196

April 18, 1980

Mr. Tim Hagan
U.S. Nuclear Regulatory Commission
Division of Contracts
7915 Eastern Avenue, Room 286
Silver Spring, Maryland 20910

Dear Tim,

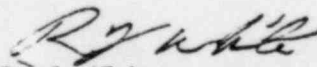

As per our conversations of Thursday, April 17, 1980, and again on Friday, April 18, 1980, I am following up in writing with the items we discussed.

Since the award for the NRC IFB RS-ADM-80-661 is being made to Data Composition Services, Inc. three weeks late we would like the contract amended to allow for the following:

- 1.) Page proofs for first monthly issuance due under contract to be amended to provide for delivery within twenty-five (25) working days after receipt of last issuance for applicable month. The schedule for all other monthly issuances will remain unchanged.
- 2.) Quarterly index for the first quarter of 1980 (January 1, 1980 through March 31, 1980) to be amended to provide for delivery within thirty-five (35) working days after contractor receipt of printed issuances for this period. All other quarterly index delivery schedules will remain unchanged.

If you have any questions on the above, please feel free to contact me as we are looking forward to your acceptance of the afore extensions.

Respectfully,

R. J. White
Vice President
