Dear Professor Utton:

It was good of you to write concerning the new book, "National Energy Issues -- How Do We Decide: Plutonium As A Test Case." I would be pleased to review the book and should be able to complete the review before the first of July. Needless to say, I would appreciate receiving a copy of the book at the earliest possible date.

I look forward to seeing you in my all too brief visit to Albuquerque and hope that we might have an opportunity for a brief chat.

Sincerely,

Richard T. Kennedy
