NATURE OF CONCERN

This man was very angry because he had been the rounds of the Governor's office and the Lt. Governor's office (where he was referred), and could not get an answer to his question: "Is TMI in a cold shutdown?"

At the public meetings held last week, he maintains that Mr. Abrams of Washington staff NRC said that it is in a shutdown, but that Mr. John Collins, NRC head of TMI, says it is not in a shutdown and is a "Live Cannon."

Anyway you can get an answer for him?
