Docket No. 50-295

Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Vice President
P. O. Box 767
Chicago, IL 60690

Gentlemen:

This refers to the investigation conducted by Messrs. C. H. Weil and J. R. Waters of this office on February 27-28, 1980, at the Zion Generating Station, Unit 1, authorized by NRC Operating License No. DPR-39, and to the discussion of our findings with Mr. C. E. Schumann at the conclusion of the investigation.

This investigation was conducted into an allegation that a licensed reactor operator was under the influence of marijuana on January 17, 1980, while on duty in the Control Room of the Zion Generating Station, Unit 1. The enclosed copy of our investigation report identified the areas examined during the investigation. Within these areas the investigation consisted of the interview of seven employees.

The allegation was not substantiated, and no items of noncompliance with NRC requirements were identified during the course of the investigation.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed investigation report will be placed in the NRC's Public Document Room, except as follows. If this report contains information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.

APR 23 1980

We will gladly discuss any questions you have concerning this investigation.

Sincerely,

James G. Keppler
Director
