Dear Sirs:

Pursuant to the Freedom of Information Act, I hereby request the following information:

The names and addresses of personnel of the former Atomic Energy Commission during the period 1958-1972 who were concerned with the use of By-Product Radioactive Materials by the Rhode Island Hospital, Providence, Rhode Island. I also wish to know the names of the persons who, according to your records, were in charge of that hospital function on behalf of the hospital during that period, and further copies of all rules and regulations of the Atomic Energy Commission for that period which either generally or specifically pertained to that hospital's use of radioactive materials.

I hope to hear from you soon. Thank you for your consideration.

Very truly yours,

LOVETT and LINDER, LTD.
