LIST OF MEETINGS AND SITE VISITS OF ACRS SUBCOMMITTEES SCHEDULED THROUGH JULY 1 1980

Attached is a list of ACRS Subcommittee meetings and site visits currently scheduled. The meetings are subject to the approval of the Advisory Committee Management Officer. Those meetings for which it is anticipated that there will be a portion or all of the meeting open to the public are indicated by an asterisk (\*).

If you are listed and cannot attend a meeting, or if you are not listed but would like to attend, please advise the ACRS Office. Most motels and hotels require a guaranteed reservation if arrival is to be after 6:00 p.m. Cancellation of guaranteed reservations must be made before noon of the scheduled day of arrival. Failure to use a room under these conditions involves forfeiture of the cost. Please advise the ACRS office as soon as possible if you cannot attend a meeting for which you are listed so that reservations can be cancelled in sufficient time.

Marvin C. Gaske  
Deputy Director

ACRS SUBCOMMITTEE MEETINGS

\*Licensee Event Reports, (LERs), April 22, 1980, 1717 H St., NW, Washington, DC  
(Bates) 8:30 a.m. Room 1046. The Subcommittee will review plans of the new NRC  
Office of Analysis and Evaluation of Operational Data, and NRC action in response  
to the ACRS LER Report (NUREG-0572). Attendance by the following is anticipated,  
and reservations have been made at the hotels indicated for the night of April 21:

Dr. Moeller	PARK CENTRAL	Mr. Burns	LOMBARDY
Mr. Ebersole	NONE	Dr. Catton	PARK CENTRAL
Dr. Lawroski	PARK CENTRAL	Mr. Epler	PARK CENTRAL
Mr. Mathis	ARMY-NAVY CLUB		

\*Site Evaluation, April 22, 1980, 1717 H St., NW, Washington, DC ( am) 1:00 p.m.  
Room 1046. The Subcommittee will review the proposed Emergency Planning Rule  
(10 CFR, Part 50, Appendix E) published in the Federal Register December 19, 1979,  
and NUREG-0654, "Criteria for Preparation and Evaluation of Radiological Emergency  
Response Plans and Preparedness in Support of Nuclear Power Plants." Attendance  
by the following is anticipated, and reservations have been made at the hotels  
indicated for the night of April 21:

Dr. Moeller	PARK CENTRAL	Mr. Grendon	PARK CENTRAL
Mr. Ebersole	NONE	Dr. Healy	NONE
Dr. Lawroski	PARK CENTRAL	Dr. Orth	NONE
Mr. Ray	LOMBARDY	Mr. Steindler	NONE
Dr. Foster	PARK CENTRAL	Dr. Wilson	NONE

\*Concrete and Concrete Structures, April 22-23, 1980, 1717 H St., NW, Washington,  
DC (Igne) 8:30 a.m. each day. Room 1167. The Subcommittee will review "user needs"  
in structural engineering and the way in which these needs have been and are being  
met. Attendance by the following is anticipated, and reservations have been made  
at the hotels indicated for the nights of April 21-22:

Dr. Siess	PARK CENTRAL	Dr. Pickel	PARK CENTRAL
Mr. Mathis*	ARMY-NAVY CLUB	Dr. White	PARK CENTRAL
	(Also 4/23/80)	Dr. Zudans	PARK CENTRAL
Dr. Shewmon	PARK CENTRAL		

\*Reactor Radiological Effects, April 23, 1980, 1717 H St., NW, Washington, DC  
(Tam) 8:30 a.m. Room 1046. The Subcommittee will review the radiological  
protection programs at nuclear power plants. Attendance by the following is  
anticipated, and reservations have been made at the hotels indicated for the  
night of April 22:

Dr. Moeller	PARK CENTRAL	Mr. Grendon	PARK CENTRAL
Mr. Ebersole	PARK CENTRAL		(Also 4/23/80)
Dr. Lawroski	PARK CENTRAL	Dr. Healy	NONE
Mr. Ray	LOMBARDY	Dr. Orth	NONE
Dr. Foster	PARK CENTRAL	Mr. Steindler	NONE
		Dr. Wilson	NONE

\*Part Time

\*Natural Circulation and Feed and Bleed Heat Removal, April 24, 1980, 1717 H St., NW, Washington, DC (Bates) 8:30 a.m. Room 1046. An Ad Hoc Subcommittee will continue its review of information presently available on natural circulation and feed and bleed heat removal systems. Also, areas where inadequate information is available will be examined, and planned NRC (or other) tests that will be run to obtain needed information will be studied and the possible need for other tests will be explored. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 23:

Dr. Carbon	PARK CENTRAL	Dr. Catton	PARK CENTRAL
Mr. Ebersole	PARK CENTRAL	Dr. Lienhard	PARK CENTRAL
Mr. Ray	LOMBARDY	Dr. Schrock	PARK CENTRAL
Mr. Acosta	PARK CENTRAL	Dr. Theofanous	ARMY-NAVY CLUB

\*Metal Components, April 24, 1980, (previously scheduled for two days, April 24-25) Oak Ridge, TN (Igne) 8:30 a.m. The Subcommittee will meet with representatives of the NRC and ORNL Staffs at the American Museum of Science and Energy, 300 South Tulane, Oak Ridge, TN to review the Heavy Section Steel Technology (HSST) Program. Attendance by the following is anticipated, and reservations have been made at the Ridge Inn, 15900 Oak Ridge Turnpike, Oak Ridge, TN (625/483-1385) for the nights of April 23, as indicated:

Dr. Shewmon	RESERVATION	Dr. Corten	RESERVATION
Mr. Bender	NONE	Dr. Pense	RESERVATION
		Dr. Wechsler	RESERVATION

\*Sequoyah Nuclear Plant, Units 1 and 2, April 28, 1980, Washington, DC (Savio)  
POSTPONED INDEFINITELY.

\*Reactor Fuel, April 29, 1980, 1717 H St., NW, Washington, DC (Boehnert) 8:30 a.m. Room 1046. The Subcommittee will discuss the NRC research program for reactor fuel for the ACRS annual reports to the NRC and Congress. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 28:

Dr. Shewmon	PARK CENTRAL	Dr. Okrent	LOMBARDY
Dr. Lawroski*	PARK CENTRAL		
Dr. Mark	PARK CENTRAL		
Mr. Mathis*	ARMY-NAVY CLUB	Mr. Nichols	PARK CENTRAL

\*Part Time

\*Babcock and Wilcox Water Reactors, April 29, 1980, 1717 H St., NW, Washington, DC  
 (Tam) 1:00 p.m. Room 1167. The Subcommittee will review NUREG-0667, "Transient Response of Babcock and Wilcox-Designed Reactors," published April 2, 1980. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 28:

Mr. Etherington	PARK CENTRAL	Mr. Ray	NONE
Mr. Ebersole	NONE	Dr. Theofanous	NONE
Dr. Lawroski	PARK CENTRAL	Dr. Zudans	NONE
Mr. Mathis	ARMY-NAVY CLUB		

\*Reliability and Probabilistic Assessment, April 30, 1980, 1717 H St., NW, Washington, DC, (Quittschreiber) 8:30 a.m. Room 1046. The Subcommittee will continue its evaluation of the need to develop quantitative safety goals for nuclear power plants and consideration of the actual form these goals may take and what they should accomplish. The Subcommittee will also discuss some general items related to the NRC Probabilistic Analysis Staff's ongoing programs and budget. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 29:

Dr. Okrent	LOMBARDY	Dr. Lowrance	NONE
Mr. Bender*	LOMBARDY	Dr. Saunders	PARK CENTRAL (also 4/30)
Mr. Ebersole*	PARK CENTRAL		
Dr. Mark*	PARK CENTRAL	Dr. Shinozuka	NONE
Dr. Lewis	NONE	Dr. Wilson	NONE
Dr. Siess*	PARK CENTRAL		

\*Regulatory Activities, April 30, 1980, 1717 H St., NW, Washington, DC (Duraiswamy)  
 8:45 a.m. Room 1167. The Subcommittee will review regulatory guides and revisions to existing regulatory guides; also, it may discuss pertinent activities which affect the current licensing process and/or reactor operation. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 29:

Dr. Siess*	PARK CENTRAL	Mr. Etherington	PARK CENTRAL
Mr. Bender*	LOMBARDY	Mr. Mathis	ARMY-NAVY CLUB
Mr. Ebersole*	PARK CENTRAL	Mr. Ray	LOMBARDY

\*Administration and Procedures, April 30, 1980, 1717 H St., NW, Washington, DC (Fraley) 1:00 p.m. Room 1010. The Subcommittee will consider policies and procedures applicable to the ACRS Fellowship Program and possible reorganization of the ACRS Staff functions, as well as other miscellaneous matters regarding ACRS procedures. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of April 29:

Dr. Plesset	ARMY-NAVY CLUB	Dr. Mark*	PARK CENTRAL
Dr. Carbon	PARK CENTRAL	Dr. Moeller	ARMY-NAVY CLUB
Dr. Lawroski	PARK CENTRAL		

\*Part Time

The following ACRS Subcommittees have been scheduled to meet on the dates indicated. Names of anticipated attendees, meeting room locations, and lodging arrangements will be announced later.

\*Reactor Safety Research, June 3, 1980 (tentative), Washington, DC. The Subcommittee will begin preparation of a draft report to NCR on the NRC FY-82 research budget

\*Regulatory Activities, June 4, 1980 (tentative), Washington, DC. The Subcommittee will review regulatory guides and revisions to existing regulatory guides; also, it may discuss pertinent activities which affect the current licensing process and/or reactor operation.

\*Advanced Reactors June 13, 1980 (tentative), Washington, DC. The Subcommittee will review NRC funding and program direction or program termination as appropriate.

\*General Electric Test Reactor (GETR), June 16-17, 1980 (tentative--rescheduled from May 5-6) Sunol, CA. The Subcommittee will continue its review of the geologic, seismologic and structural engineering aspects of the GETR plant site. Other matters related to the NRC Order to Show Cause may also be discussed.

\*Metal Components, June 17-18, 1980, (tentative), Washington, DC. The Subcommittee will review pertinent portions of the NRC research program for the ACRS annual reports to NRC and Congress.

\*Emergency Core Cooling Systems (ECCS)/Reactor Fuel, June 24-26, 1980 (tentative) Idaho Falls, ID. The Subcommittees will review pertinent portions of the NRC research program for the ACRS annual reports to NRC and Congress, and will be briefed by representatives of the NRC Office of Nuclear Regulatory Research (RES) on NRC research programs related to LOCA/ECCS and system transients.

\*Safeguards and Security, June 26, 1980, (tentative) Washington, DC. The Subcommittee will review pertinent portions of the NRC research program for the ACRS annual reports to NRC and Congress, and will be briefed by RES on recently completed NRC studies relating to reactor plant design to reduce vulnerability to sabotage. Code development related to spent fuel storage pool consequence estimates from sabotage attack will also be considered. In addition, a closed session is planned regarding recent events relating to plant security.

\*Advanced Reactors, July 1, 1980 (tentative), Washington, DC. The Subcommittee will continue its review of the NRC funding and program direction or program termination as appropriate.

\*General Electric Test Reactor (GETR), May 5-6, 1980, Sunol, CA. RESCHEDULED to June 16-17, 1980 (tentative), Sunol, CA.

\*Consideration of Class 9 Accidents, May 9, 1980, Chicago, IL. (Rescheduled from May 6 in Washington, DC). The Subcommittee will meet at the Sheraton O'Hare Motor Hotel, 6810 N. Mannheim Road, Chicago, IL to discuss: 1) consideration of low probability, high consequence accidents (including core melt) as part of the licensing process, 2) the Integrated Fuel Melt Research Program, and 3) review of pertinent portions of the NRC research program for the ACRS annual reports to NRC and Congress. Attendance by the following is anticipated, and reservations have been made at the Sheraton O'Hare Motor Hotel (312/297-1234) for the night of May 8 as indicated:

Dr. Kerr	NONE	Dr. Siess	RESERVATION
Dr. Lawroski	RESERVATION	Dr. Catton	RESERVATION
Dr. Moeller	RESERVATION	Dr. Seale	RESERVATION
Dr. Shewmon	RESERVATION		

\*Reactor Operations, May 20, 1980, 1717 H St. NW, Washington, DC. (Major) 8:30 a.m. Room 1046. The Subcommittee will review NRC research programs in the area of operational safety, including fire protection, noise diagnostics, and man-machine interfaces for the ACRS annual reports to NRC and Congress.

Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the night of May 19:

Mr. Mathis	ARMY-NAVY CLUB	Dr. Moeller	ARMY-NAVY CLUB
Mr. Ebersole	NONE	Mr. Ray	LOMBARDY

\*Site Evaluation/Reactor Radiological Effects,, May 21-22, 1980, 1717 H St., NW. Washington, DC. (Tam) 8:30 a.m. Room 1046. The Subcommittees will review pertinent portions of the NRC research program for the ACRS annual reports to NRC and Congress. Attendance by the following is anticipated, and reservations have been made at the hotels indicated for the nights of May 20-21:

Dr. Moeller	ARMY-NAVY CLUB	Mr. Ray	LOMBARDY
Mr. Ebersole	PARK CENTRAL		

\*Extreme External Phenomena, May 28-29, 1980, Los Angeles, CA. (Savio) 8:30 a.m. each day. The Subcommittee will discuss recommendations made by the NRC Staff and the Lawrence Livermore Laboratory resulting from the NRC Task Action Plan, "Seismic Design Criteria - Short Term Program" (TAP-A40). Other related topics may be discussed as time permits. Location of meeting room and lodging arrangements will be announced later. Attendance by the following is anticipated:

Dr. Okrent		Dr. Moeller
Mr. Bender		Dr. Siess
