Bureau of Oceans and International  
Environmental and Scientific Affairs  
U.S. Department of State

Dear Mr. Helfrich:

Enclosed please find an application from Westinghouse Electric Corporation for a license to export two power reactors to Taiwan. The installation is presently known as Taiwan Power Company Nuclear Units 7 and 8.

Before taking action on this license application, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the issuance of the requested license would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

Marvin R. Peterson, Acting Assistant  
Director  
Export/Import and International  
Safeguards  
Office of International Programs
