Dear Mr. Helfrich:

Enclosed please find an application from Reuter-Stokes, Inc. for a license to export 15 LPRM assemblies to India for use in the Tarapur Atomic Power Stations. The order for these assemblies has not been received yet.

Before taking action on this license application, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the issuance of the requested license would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

A handwritten signature in black ink, appearing to read "Marvin R. Peterson".
