Nuclear Regulatory Commission
Director of Nuclear Material Safety & Safeguards
Washington, DC 20555

Dear Sir:

This letter confirms our telex of this date, informing you of Kevex Corporation's intent, under provision of part 71.12, Title 10, Code of Federal Regulations, to ship radioactive material under a general license.

The package, produced by Nuclear Packaging Incorporated, of Tacoma, Washington, is identified as their model N-55 and by the Nuclear Regulatory Commission's Package Identification Number USA/9070/B. Certificate of Compliance number 9070 authorizes use under general license provisions of 10 CFR 71.12 (b).

The package will be used with a DOT specification 17H steel drum, as required by the Certificate of Compliance, to ship Kevex model 0510 ALPHA-X detector assemblies which incorporate an Isotope Product Laboratories model XANK-244-NF curium-244, 3 millicurie sealed source. This source has been registered with the state of California.

Sincerely,

Peter G. Vernig
Radiation Safety Officer
