Dear Jim:

Subject: General Atomic Company Organization  
Change Notification

Reference: Letter, Walter P. Haass (NRC) to Colin  
Fisher (GA), dated December 13, 1979  
Subject: NRC Acceptance of Amended  
General Atomic Quality Assurance  
Topical Report

In accordance with Paragraph 4 of the referenced letter, notification is provided of a change in General Atomic Company's organization as depicted in Figure 17-2 of Amendment 5 of General Atomic's Quality Assurance Topical Report, GA A13010A, as amended on February 20, 1980.

The changes in Figure 17-2, titled Quality Assurance Organization, are in the names of the Fuel Operations Quality Control operations with functional and reporting responsibilities remaining essentially unchanged. The specific changes are Fuel Manufacturing Quality Control is renamed Fuels Quality Control, Quality Engineering is retitled Fuels Quality Engineering, and Quality Control Laboratory and Inspection is renamed Fuels Quality Inspection.

I have included a revised Figure 17-2 which replaces the copy transmitted on February 20, 1980 and will be incorporated in Amendment 6 of GA's Topical Report.

Should you have any questions concerning these changes or require clarification, please do not hesitate to call me at (714) 455-2788.

Sincerely,

  
Billy M. Gregory  
Senior Project Engineer - QA
