In the Matter of
Cincinnati Gas and Electric Company, et al.
(Wm. H. Zimmer Nuclear Power Station, Unit No. 1)
Docket No. 50-358

Dear Mr. Dennison:

Attached hereto is a copy of the contentions proffered by you on May 15 on behalf of your client. I have marked upon the copy the changes which you and I have tentatively agreed. As the Applicant has not seen our changes I am also sending them a copy of the contentions with the changes.

Yesterday I moved that the Licensing Board extend to Monday, June 16, 1980 the time for ZAC to file contentions and for the NRC Staff and Applicants to comment on these contentions. I informed the Chairman by telephone that such extension of time was desired and that you and Mr. Wetterhahn agreed so that the three of us could talk further. I understand the Applicant's counsel will review our tentative agreements. On Wednesday, June 11, I will initiate a conference call among myself, Applicant's counsel and yourself to discuss the contentions. The Board, of course, has the last word on what may or may not be admitted.

Sincerely,

Charles A. Barth
