Amendment 01 Dated April 15, 1980

Dear Mr. Moore:

We would highly appreciate it if you would kindly amend the quantity to read maximum 42.105 KGU with maximum 39.284 KGU-235 taking 0.25% quantitative variation into consideration.

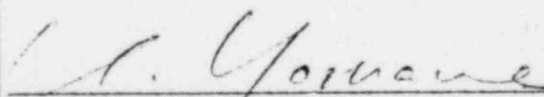

(Calculation)

Requested quantity: 42KGU with enrichment assay 93.15 plus/minus 0.15% 42 KGU X (1 + 0.0025 : variation) = 42.105 (maximum quantity)
42.105 X 0.9330 (maximum enrichment assay) = 39.284 KGU-235.

Thank you for your attention in this matter.

Very truly yours,
