(Amendment 01)

Subject: Application Amendment - XCOM 147

Dear Ms. Hemby,

NRC export license XCOM 147 was issued to General Electric on February 16, 1979 with an expiration date of 1 July 1980 and with an export value of \$50,000. Subsequently, the need for exports under the license have been extended both in terms of time and value.

To meet these needs, General Electric requests the license be amended to expire on 1 July 1981 and to cover additional relays for a total exported value of \$100,000.00.

Very truly yours,

B. D. Wilson, Manager
Government Relations
and Export Licensing
