

THE ATOMIC SAFETY AND LICENSING BOARD

A circular stamp with a scalloped outer edge. Inside the circle, the words "DOCKETING" and "SERVICE" are printed in a bold, sans-serif font, one above the other. Below this, the date "JUN 1 1960" is stamped. At the bottom of the circle, the text "Office of the Secretary" and "Docketing & Service" are printed. A handwritten number "272" is visible at the very bottom of the stamp.

Docket No. 50-466 CP

Subsequently, in a letter dated May 20, 1980, Applicant advised that the Intervenor had produced a portion of the requested materials on May 15, 1980 and that, to the extent that these materials had been provided, its Motion To Compel in part was moot. However, it requested that its motion be granted as to certain identified materials which had not been produced. Thereafter, in a letter of May 28, 1980, Applicant requested that we rule on the outstanding motion sufficiently in advance of the taking of Mr. Saxion's deposition on June 17, 1980 in order that it will have adequate

time to review the material.

The Motion To Compel is granted with respect to the following identified documents which were not among those documents produced by the Intervenor on May 15, 1980:

(1) Copies of any contracts, agreements, or written assignments between Mr. Saxion and Ms. Hinderstein or TexPirg.

(2) A list of all projects in which Mr. Saxion has participated and in which research was conducted on the availability of water to municipalities or other clients who have employed Mr. Saxion or his firm. Specify those project reports that discuss the availability of water in the Brazos River Basin.

(3) Copies of all project reports listed in paragraph (2) above that discuss the availability of water in the Brazos River Basin, specifically including reports for the cities of McGregor and Cleburne.

Intervenors shall furnish these materials listed above by no later than June 9, 1980.

IT IS SO ORDERED.
