Electric Boat Division

Eastern Point Road, Groton, Connecticut 06240 • 203 448-6360  
(File No. 325/80/RT/0693)

May 15, 1980

Mr. Charles E. MacDonald, Chief  
Transportation Certification Branch  
Div. of Fuel Cycle and Material Safety  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

- Subject: Request for Continuation of Registration as User  
of NRC Certificate of Compliance No. 9039
- Reference: (a) Letter from Mr. Charles E. MacDonald, USNRC to  
Mr. R. H. Surprenant, Electric Boat Division;  
dated January 9, 1976; Subject - Registration  
as User of Certificate of Compliance No. 9039  
(b) Title 10, Code of Federal Regulations, Part 71.12(b)  
(c) General Dynamics, Electric Boat Division ByProduct  
Material License 06-01781-08

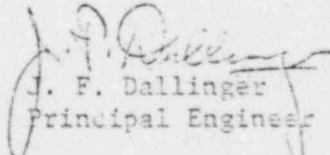

Dear Mr. MacDonald:

By reference (a), Electric Boat Division was registered as a user of  
Certificate of Compliance No. 9039 for the Technical Operations Model 715 ship-  
ping package (Package Identification No. USA/9039/B). This Certificate expires  
on May 31, 1980.

In accordance with reference (b), Electric Boat Division requests  
continued registration as a user of Certificate of Compliance No. 9039. This  
Certificate will be used in conjunction with our reference (c) license.

Please contact me (AC203) 446-6220, if additional information is required.

Very truly yours,

  
J. F. Dallinger  
Principal Engineer
