Mr. John Linehan, Section Leader
Uranium Mill Licensing Section
Div. of Fuel Cycle & Material Safety
7915 Eastern Avenue
Silver Springs, ID 20005

Dear John:

At the close of our last meeting in your office you were notified of the resignation of Mr. John Spisak from the staff of Federal-American Partners. Mr. Emerson Kemp of Emerson Kemp and Assoc., 8795 Ralston Rd., Suite 101, Arvada, CO 80002, has assisted FAP for the last twelve months as metallurgical consultant. Mr. Kemp's scope of participation has recently been increased to include that of our regulatory agency contact and coordinator. In that capacity he will be authorized to deal with the NRC as our representative.

Please continue to address all correspondence to me with copies to Mr. Kemp.

Yours very truly,

K. H. Wright
General Manager

KHM/sb
cc: E. Kemp
