Docket 71-6400
Super Tiger Shipping Package

Dear Mr. MacDonald:

This is in response to your letter dated February 29, 1980, transmitting Revision No. 8 to Certificate of Compliance No. 6400, and confirms telephone conversations between Mr. Odegarden of your staff and Mr. Hipsher of my staff.

Please be advised that Nuclear Engineering Company, Inc. owns two SUPER TIGER shipping packages which we rent to other registered users for their use in shipping approved radioactive materials. Neither of these packages have been used since the first of this year, and we are continuing to hold them out of service until such time as a thorough inspection is made, in accordance with the instructions contained in the above-referenced transmittal letter, and the packages are found to be in compliance.

We have scheduled the inspections to take place during the week of June 2, 1980, and will transmit the results shortly thereafter to your attention.

Sincerely,

NUCLEAR ENGINEERING COMPANY, INC.

T. S. Baer
Vice President

TSB/bt
