Plasma Physics Laboratory
(609) 683-3151

Dear Dr. Hendrie:

On behalf of the Technical Program Committee I have the honor to invite you to give the after-luncheon paper on Tuesday, October 14th, at the Fourth ANS Topical Meeting on the Technology of Controlled Nuclear Fusion.

Finance:

George A. Hunger, Jr.

From recent conversation with Bill Gough, I anticipate your favorable response to our invitation. In this happy event it would be helpful to confirm the title of your paper which I understand to be "Implications of the Licensing Process for Fusion Power Plants".

Arrangements & Transportation:

Edward J. Kohler

Publicity:

Michael D. McCormick

Registration:

Constance C. Hopkins

Industrial Liaison:

Samuel L. Gralnick

Sincerely yours,

Fred H. Tenney
Chairman
Technical Program Committee
