

UNITED STATES OF AMERICA
 NUCLEAR REGULATORY COMMISSION
 Before the Atomic Safety and Licensing Board

In the Matter of:)	
SACRAMENTO MUNICIPAL UTILITY DISTRICT)	Docket No. 50-312(SP)
(Rancho Seco Nuclear Generating Station))	MOTION FOR EXTENSION OF TIME FOR FILING PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW

The California Energy Commission (CEC) moves the Board to extend the filing dates for all parties proposed findings and conclusions by three days. This extension will enable the CEC to formally consider proposed findings and conclusions at its regularly scheduled business meeting of July 30, 1980, rather than in special session. The schedule we propose is as follows (the present schedule is shown in parentheses):

	<u>On or before</u>
Licensee's proposed findings of fact and conclusions of law	July 11 (July 8)
CEC proposed findings of fact and conclusions of law	August 1 (July 29)
NRC Staff proposed findings of fact and conclusions of law	August 22 (August 19)
Licensee's reply	September 5 ^{1/2} (August 29)

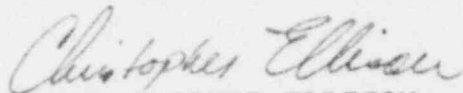

1. At the request of the Licensee, this filing would be extended one week rather than three days.

G 8006160 049

Based on discussions with the Staff and Licensee, CEC understands that its proposed schedule is accepted by all parties.

DATED: June 4, 1980

Respectfully submitted,

CHRISTOPHER ELLISON

Attorney
